

At RHI Construction Inc. (DBA RHI Roofing), we specialize in residential, Commercial, multi-family and condominium roof replacements — delivering personalized attention by assigning a full-time project manager and site supervisor to every job.

WHY CHOOSE US:

- 18+ Years in Business
- Licensed & Insured
- Family-Owned & Operated
- Dedicated Project Managers & Supervisors
- Full System Warranties
- Quality Craftsmanship
- Commitment to Safety

We provide high-quality workmanship tailored to each property type. Our team understands the unique demands of individual homeowners and property managers alike—offering durable solutions, timely project completion, and minimal disruption to our clients.

Since 2007, we've proudly served Southeast Florida with expert roofing replacements, repairs, and maintenance — led by second-generation roofer Michael Nemati, who personally visits active projects to ensure excellence.

With a team of 150+ professionals, our full-service approach includes:

- In-house sheet metal fabrication
- Full fleet of trucks, cranes, and service vans
- 7 service crews for fast, on-demand roof repairs
- 12-point proactive roof maintenance program
- Certified by GAF (Platinum Contractor),
- Drexel Metals, Carlisle, CertainTeed, Owens Corning, and Soprema
- Perfect 10/10 inspection scores from manufacturers
- 15,000 sq ft facility + 50,000 sq ft secured yard in Oakland Park

Every project is backed by a departmentalized operations model, ensuring full attention to estimating, permitting, material procurement, safety, quality control, and final walkthroughs.

When you choose RHI Roofing, you get a dedicated team that's all-in on delivering a successful, stress-free experience — from start to finish.
